

Please support our ministry by making a purchase at [WorshipOne.net](http://WorshipOne.net), [CDBaby.com](http://CDBaby.com) and iTunes.

We exist to write songs for your church! Share these with your music team and pastors. Download all the song chord charts and lead sheets for free online at <http://worshipone.net> (QR Code is below). All we ask is that you report the song usage to Christian Copyright Licensing Int'l. You'll find the CCLI song numbers on the chord charts and lead sheets as well as embedded in the mp3 information. There's a short explanation of CCLI, and other info about us, at our website.

Worship One is Steve Cass and Tina Patton. Steve is a worship leader who helped to plant Bridge Covenant Church in Gilbert, AZ and currently serves at Mission Community Church of Gilbert in various ministries. An electronic technician by trade, he also spends a good amount of time contributing to CCM Network International, [ccmni.com](http://ccmni.com), where many songwriters and worship leaders gather to share their music, write songs and pray together.

Tina has a boy of 13 years keeping her busy. She's a Hearing Specialist by trade and was gracious enough to spend time helping me with this project. She's been singing for God since she was very young.

Together, we both share the passion of singing and playing in worship of Him for as long as we draw breath.

All songs recorded and mixed at Solid Walnut Music in Chandler, AZ, except *You Are Near*, which was mixed by Kurt Walsh at Around the Way Studios in Chandler, AZ. Back vocals for *Beautiful Savior God* were recorded by Mark Frigo at Frigo Recording Studios in Nashville, TN. All songs mastered at Solid Walnut Music in Chandler, AZ.

#### The Studio Band
